STRATEGIC WORKING INTEREST PARTNER FOR OIL & GAS

WELCOME TO SANTA FE

On behalf of SIPES members in the Oklahoma City Chapter, and the SIPES National Board of Directors, I welcome you to the Land of Enchantment, and the beautiful city of Santa Fe, New Mexico, site of the 2005 SIPES Convention and 42nd Annual Meeting. This is the first SIPES Convention to be held in Santa Fe, and the third to be jointly sponsored with the SIPES National Organization.

In keeping with our meeting theme, "The Art of the Deal," we have developed a varied two-day technical program with outstanding speakers. They will cover topics designed to give you new insights on how we, as independent earth scientists, make money.

On Wednesday afternoon, don't miss this opportunity to hear Drs. Robert F. and Anne P. Diffendal present a seminar entitled "Lewis and Clark & The Geology of the Great Plains," the 2005 SIPES Foundation Seminar. Included will be photographs of various locations on this historic journey that you can still see today, along with descriptions of them written by Lewis or Clark in the early 1800's. Spouses are very welcome to attend this seminar at a special price.

In addition to the Wednesday evening Icebreaker, a new Mini-Icebreaker for members and spouses will be held on Thursday afternoon from 4:30 to 5:30 p.m. This is a great opportunity to discuss the technical program, or the spouse tour, and to make plans for dinner in one of Santa Fe's great restaurants.

A variety of activities for spouses has been planned on Thursday and Friday. Santa Fe is also an ideal place to tour on your own, with so many shopping options, museums, and spas. The Hospitality Suite will have plenty of information for your spouse's visit to Santa Fe.

Make plans to stay over in Santa Fe on Saturday and attend the informative post convention trip to the city of Los Alamos, and to Bandelier National Monument. This scenic area has been significant since prehistoric times - from Pueblo people building multi-story apartments in the

cliffs, to World War II and the Manhattan Project, to the Los Alamos National Laboratory and the Human Genome Project, this area continues to have an eventful history.

I'm looking forward to an excellent meeting, and to seeing you in Santa Fe!

SIPES FOUNDATION SEMINAR

Wednesday, April 27

2:30 to 5:00 p.m. — *La Terraza*

Cost: Members: \$50 Spouses: \$25 Non-Members: \$100

Lewis and Clark & The Geology of the Great Plains

by Drs. Robert F. and Anne P. Diffendal

"...the largest fountain or Spring I ever Saw and doubt if it is not the largest in America Known, this water boils up from under th rocks near the edge of the river and falls imediately into the river 8 feet and keeps Colour for a ½ a mile which is emencely Clear and of a bluish Cast..."

(June 18, 1805 description of Giant Springs on the south side of the Missouri River, at the eastern end of the city of Great Falls, Montana).

Meriwether Lewis and William Clark undertook their famous journey in 1804 to explore the area known as Louisiana Territory, purchased from France in 1803. As instructed by President Thomas Jefferson they took careful notes about farm land, water supplies, climate and usable minerals like salt and coal.

Their journals, notebooks and maps indicate that they took this charge to heart, and compiled a great deal of information on these topics. Lewis and Clark were astute observers of the land they traveled. In most cases, however, they did not know what had caused its appearance. At that time, few, if any, would have because the discipline of geology was in its infancy.

This fascinating course will take you all the way up the Missouri River to Montana's Yellowstone River. It will include photographs and descriptions of the geological features along this route in the words of either Lewis or Clark. There will also be information on how to view these sites today that are on public land and public right of way. Spouses are also invited to attend this informative seminar.

Robert F. Diffendal, Jr. graduated with a degree in geology from the Franklin and Marshal College in Lancaster, Pennsylvania. He pursued graduate work at the University of Nebraska - Lincoln and received his M.S. and Ph.D. degrees there with a major in geology. He went on to teach geology, geography, and biology at St. Dominic College and Doane College. He joined the faculty of UNL in 1980 as a member of the Conservation and Survey Division where he worked as a research geologist and held the rank of professor until his retirement in 2003. He is now Professor Emeritus in this division, a part of the UNL School of Natural Resources. He has produced more than 300 articles, guidebooks, maps and other works on the geology of Nebraska and several articles on the geomorphic development of Yellow Mountain in China.

Anne P. Diffendal graduated with a degree in history from Barry University in Miami, Florida. She went on to earn her M.A.degree from Emory University, and her doctorate from the University of Nebraska-Lincoln in American History She is currently a consulting historian and archivist, and has served as executive director of the Society of American Archivists in Chicago. She has extensive experience in the planning, assessment and development of archival programs and interpretive historical exhibits for numerous museums, universities, foundations, historical societies, and companies. She has also contributed articles and book reviews to many publications, and was the Manuscripts Curator of the Nebraska State Historical Society for more than ten years.

SPOUSE CONVENTION ACTIVITIES

Thursday, April 28

A Taste of Northern New Mexico

9:30 a.m. - 2:30 p.m. Cost: \$85 per person

This tour will focus on the beautiful and historic area of Chimayo, New Mexico, located on the "High Road to Taos. Shortly after the Pueblo Revolt (1680-1692),

several groups of Spanish colonists settled in this fertile valley. The day's activities will include a visit with an eighth generation weaving family at their farm. This Spanish family is renowned for their traditional weavings (displayed in the Smithsonian and other museums).

No tour of this area is complete without experiencing the Santuario de Chimayo, a centuries-old, tiny mission church that has become known as the "Lourdes" of America. The Santuario is one of the most important Catholic pilgrimage sites in the United States because of the healing miracles attributed to the soil beneath the church.

A native Northern New Mexico lunch, prepared with locally-grown products and family recipes, will be held at the Restaurante Rancho de Chimayo.

Tour price includes chartered ground transportation, a professional guide, admission fees, luncheon, taxes and gratuities.

Mountain Hike

9:30 a.m. - 1:00 p.m. Cost: \$50 per person

Savor the Sangre de Cristo Mountains at 8,000 feet on this hike that begins with fairly flat country, and leads to paths that climb to an alpine meadow above Santa Fe. The meadow offers a panoramic vista of Mount Baldy towering at more than 12,000 feet, the Rio

Grande Valley, and the beautiful Jemez Mountains. This hike is rated "moderate" and involves altitude change.

Tour price includes roundtrip transportation, professional guide, water, all taxes and gratuities. Note: This hike will be held regardless of inclement weather. Bring your own rain gear or poncho.

Yoga Class

10:30-11:30 a.m. Cost: \$35 per person

Too much sitting? Too much wonderful local food and beverages? This will be an hour-long opportunity, inside the La Fonda hotel, to get in some relaxing, exercise-oriented, traditional yoga under the supervision and direction of an experienced and licensed local instructor. Instruction will be suitable for beginners, as well as those who are already familiar with yoga postures. After the class you may want to go to one of the local spas for a facial or massage (see page 23).

Class price includes professional instructor, yoga mats and props, taxes and gratuities.

Friday, April 29

Southwestern Culinary Capers

9:30 a.m. - 1:00 p.m. Cost: \$80 per person

Participants will be treated to the culinary expertise of

a local, well-known chef who will instruct the class in preparing Southwestern cuisine with Native American accents — spicy corn soup, stuffed quail with squaw berry sauce, Mesa squash fry with sunflower seeds, and pinon chocolate torte with prickly pear sauce.

The classroom instruction ends with a delicious lunch; participants eat the foods they have been shown how to cook. Coffee and tea are included; beer and wine are available at an additional cost. Recipes are provided for you to take home.

Tour price includes walking escort from the La Fonda Hotel, food costs, taxes and gratuities.

Α

Hiking at Tent Rocks

9:30 a.m. - 12:30 p.m. Cost: \$80 per person

South of Santa Fe is the unique geological area known as Kasha-Katuwe or Tent Rocks National Monument located near the Cochiti Pueblo.

It is an area that features large, tent-shaped rocks that hug the steep cliffs of Peralta Canyon. While uniform in shape, the tent rock formations vary in height from a few feet to 90 feet. Experience the beauty and tranquility of Tent Rocks on this hike. It will be a leisurely walk to explore, and photograph, these unique formations and the surrounding back country. This is a fun and relaxing hike with an experienced guide.

Tour price includes chartered ground transportation, a professional guide, bottled water, snacks, taxes and gratuities. Note: This trip will be held regardless of inclement weather. Bring your own rain gear or poncho in case of rain.

E. Bernard Brauer P.E.

Santa Fe Home & Garden Tour

1:30-4:30 p.m.

Cost: \$90 per person

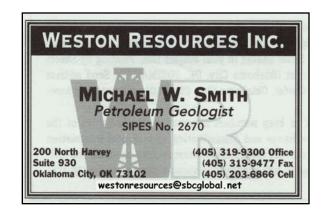

What is "Santa Fe Style?" What is the substance beneath the often overworked vision of southwestern living? The secret is simply the modern adaptation of

early traditional techniques, designs and materials. This tour will give you an opportunity to visit fabulous private homes that are representative of prevailing Santa Fe styles.

Tour price includes chartered ground transportation, guides on board, hosts in the homes, handout descriptions of the homes, bottled water, site fees, taxes and gratuities.

Terms: There will be no tour refunds after April 7. Advance reservations are recommended. Only a limited number of tour reservations will be available during onsite registration. In the event a tour is cancelled. SIPES will issue a refund.

SIPES AWARDS BANQUET

Friday, April 29

6:30-9:00 p.m.

Cost: \$70 per person — La Terraza

Conclude the 2005 SIPES Convention on Friday evening with a reception, seated dinner, and awards ceremony. Winning tickets will be drawn in the SIPES Foundation's 2005 *No Hassle Raffle*.

Attendees and guests will also honor two members and past presidents for their dedication and service to the Society.

Donald C. Wambaugh, #121, of Midland, Texas, will receive SIPES Honorary Membership, the Society's highest award. During the forty-two year history of SIPES, it has been presented on only seventeen previous occasions.

Jerome J.C. Ingels, #524, of Dallas, Texas, will receive the SIPES Outstanding Service Award to recognize his many contributions to SIPES.

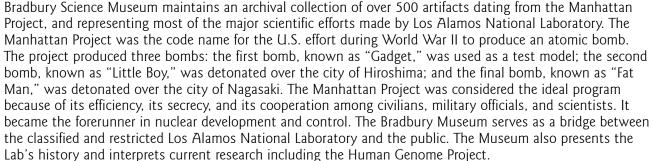

SIPES POST-CONVENTION FIELD TRIP

Saturday, April 30 9:00 a.m. - 4:00 p.m. Cost: \$75 per person

Los Alamos and Bandelier National Monument

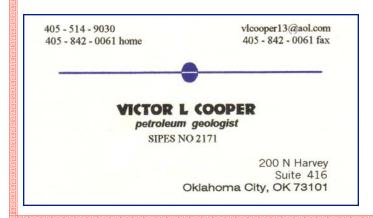

The SIPES 2005 field trip participants will visit the Bradbury Science Museum in Los Alamos, New Mexico. The Museum is a component of Los Alamos National Laboratory, which is operated for the U.S. Department of Energy by the University of California. The

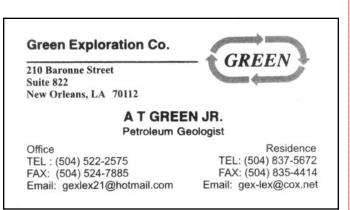

Following the tour of the Bradbury Museum, the group will also visit Bandelier National Monument, the site of ancient Native American ruins, and interesting volcanic geology (see front cover). These natural volcanic pockets left in cliffs proved perfect for the prehistoric Pueblo people who utilized them as dwellings and built multi-story "apartments" up cliff walls. There is also a large village located at the bottom of the canyon, which was built using bricks carved from the volcanic cliffs. This village was three stories high and completely enclosed. Just outside of the village walls is the Great Kiva, a ceremonial chamber, which eloquently establishes the cultural continuity between these prehistoric Puebloans and their descendants. A visit to Bandelier includes an easy walk on a flat, paved trail with an optional loop involving a gentle 1/4 mile climb to enter the cliff and cave dwellings. If time permits, we also hope to make a brief visit to Nambe' Pueblo.

Field trip leader Art Pansze, #734, Golden, Colorado

The price includes chartered ground transportation, professional guide, refreshments, lunch, admission fees and tours, as well as all taxes and gratuities.

SANTA FE ON YOUR OWN

Spas

If you want to relax and rejuvenate with a spa treatment during your stay in Santa Fe, you'll be delighted with the variety of

options available. Listed below are spas that you may want to contact to reserve a treatment time in advance. You can go to the individual website for treatment options and prices:

- El Dorado Hotel Nidah Spa (4 blocks away) I-800-955-4455 and ask for spa reservations (www.eldoradohotel.com/spa/)
- La Fonda Hotel Fitness Center & Spa (onsite) I-800-523-5002 and ask for spa reservations
- La Posada Hotel Avanyu Spa (3 blocks away) I-866-331-ROCK (7625) (www.laposada.rockresorts.com/info/spa.asp)
- Ten Thousand Waves (20 minutes by car) Reservations - 505-982-9304 (www.tenthousandwaves.com)

Shopping

No matter what your interests - antiques, art \mathcal{E} artifacts, crafts, furniture, jewelry, clothing or even outlet malls - you will find a wide variety of choices in Santa Fe. Maps will be available in the Hospitality Suite that give you information on the various shopping areas in the city.

Museums

Santa Fe has five outstanding museums in the Plaza area near the La Fonda Hotel:

- Georgia O'Keeffe Museum
- Institute of American Indian Arts Museum
- Museum of Fine Arts
- Palace of the Governors
- State of New Mexico Collection located in the Capitol Round House

Museum Hill is located 2.5 miles south of the Plaza. There is plenty of parking and you will find the following outstanding

museums together at that location: Museum of Indian Arts and Culture; Museum of International Folk Art; Museum of Spanish Colonial Art; and the Wheelwright Museum of the American Indian.

There are also numerous wonderful art galleries in Santa Fe that are good places to view paintings by old masters, contemporary artists, and Native American painters.

Restaurants

You will find a variety of dining options in all price ranges in Santa Fe. Dining guides will be available in the Hospitality Suite. Reservations are recommended at many of the restaurants near the Plaza.

HOTEL RESERVATION INFORMATION

The La Fonda Hotel will serve as host hotel for the SIPES 2005 Convention. SIPES 2005 Convention rates for single or double rooms are \$179 per night plus state and local taxes. At this time the tax rate is 11.6875%. To receive your special group rate, it is important that you make your reservations by March 24, 2005. Reservations made after that date will be accepted on a space available basis, and the group rate cannot be guaranteed.

To make reservations, please call the La Fonda Hotel at I-800-523-5002 and choose option number I. Reservations may also be made by e-mail at lafondasantafe.com/group_email.html. Please be sure to advise the reservations department that you are with the Society of Independent Professional Earth Scientists group. Reservations must be guaranteed with a credit card or with a check. If you need to cancel your reservation, please notify the hotel 48 hours prior to your arrival date to avoid a penalty. Please help SIPES meet its hotel room commitment.

La Fonda is one of 167 hotels that Historic Hotels of America has identified that have maintained their historic architecture and ambience.

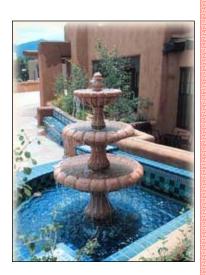

La Fonda is surrounded by museums, shops and galleries, and most city attractions are within walking distance of the hotel.

SIPES 2006 Annual Meeting

"Building on the Past, Looking to the Future"

New Orleans,

Louisiana

March 22-24

Headquarters Hotel is the Ritz Carlton

GENERAL TRAVEL INFORMATION

Location

Santa Fe is located in north central New Mexico in the foothills of the Sangre de Cristo Mountains, the southernmost section of the Rocky Mountains, at an altitude of 7000 feet. The historic city, located just north of the legendary Route 66, is easily accessible by air, car or train.

Driving

If you are driving to Santa Fe, you will want to take the Old Pecos Trail exit off of I-25. Old Pecos Trail later merges with Old Santa Fe Trail. Please see the map on this page for the hotel location.

Air Service

The Albuquerque airport is an hour's drive from Santa Fe and is served by twelve carriers including: American, Continental, Delta, Frontier and Southwest. From the airport you can either rent a car, or use a shuttle service for the scenic drive to Santa Fe.

The Santa Fe Municipal airport handles all types of private aircraft. Limited commuter service is available through Great Lakes Aviation which provides six daily flights between Santa Fe and Denver.

Car Rental

Car rental service available at the Albuquerque airport includes the following companies: Advantage, Avis, Budget, Enterprise, Hertz and Thrifty.

Shuttle

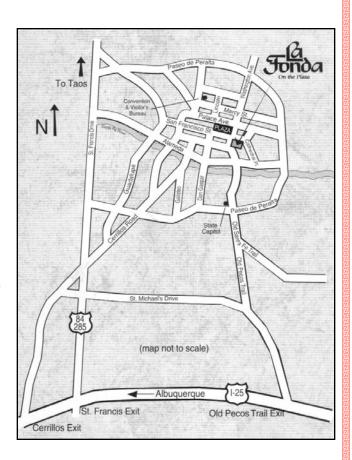

The Sandia Shuttle departs hourly from the Albuquerque airport and drops guests off directly at their hotel. The shuttle counter is located inside the airport on the Baggage Claim Level across from the Southwest Airlines baggage carousel. The shuttle counter is staffed between 9:30 a.m. and 5:30 p.m. seven days a week. Reservations are required to guarantee a seat, but walk-on passengers are welcome if space is available. Contact Sandia Shuttle toll free at I-888-775-5696, or visit their website at www.sandiashuttle.com for reservations and additional information about schedules and rates.

Hotel Location & Parking

The La Fonda Hotel is located at 100 East San Francisco Street, near the corner of San Francisco and Old Pecos Trail in Santa Fe. The phone number is 505-982-5511. The hotel offers covered parking at a daily rate of \$10.

Additional Information

Contact the SIPES office at 214-363-1780 (email: sipes@sipes.org), or Convention Chairman Mike Pollok at 405-527-6038 (email: mapexpl@aol.com).

SIPES Vision Statement

To be the pre-eminent organization for furthering the professional and business interests of independent practitioners of the earth sciences.

In achieving this vision, emphasis will be placed on

(1) professional competence,

(2) professional business ethics, and

(3) presenting a favorable, credible and effective image of the Society.

Adopted by the SIPES Board of Directors September 21, 1996

COMMENTS FROM SIPES MEMBERS on the 2004 Convention in San Antonio...

" The overall convention was excellent. The technical program was outstanding..."

Α

"...this was a very good meeting. I think that gearing the format to things that independents can use is a great idea."

Α

" I thought the papers were excellent. As independents, the business side of our profession is as important as the scientific side. "

Α

"...it was the best convention I have attended in years."

Α

" This should be a model for other conventions."

A

" I found many practical suggestions from the speakers. "

98 percent of members responding to last year's exit survey indicated that they were **Very Satisfied** with the SIPES Annual Meeting.
